Love suffers long and is kind; love does not envy; love does not parade itself, is not puffed up; does not behave rudely, does not seek its own, is not provoked, thinks no evil; does not rejoice in iniquity, but rejoices in the truth; bears all things, believes all things, hopes all things, endures all things. Love never fails... 1 Corinthians 13:4-8

Dr. Richard Rajarathinam

January 29, 2026, was National Puzzle Day! Here are some fun facts:

- “ **Crossword puzzles were once considered controversial.** When the first crosswords appeared in 1913, some newspapers refused to print them, calling them a waste of time!
-  **Jigsaw puzzles started as teaching tools.** In the 1760s, educators used wooden “dissected maps” to help students learn geography.
-  **Sudoku isn’t actually Japanese.** Sudoku was created in the U.S. in the 1970s and later popularized in Japan—where it received its now-famous name.
-  **The inventor of the Rubik’s Cube couldn’t solve it right away.** Ernő Rubik designed it as a teaching aid and reportedly took over a month to crack his own puzzle.
-  **A Rubik’s Cube has more combinations than stars in our galaxy.** There are 43 quintillion possible configurations... and just one solution.
-  **Word puzzles work both sides of your brain.** Language, logic, and pattern recognition all fire at once—true mental multitasking.
-  **Puzzles can sharpen workplace skills.** Regular puzzle-solving has been linked to improved focus, memory, and problem-solving abilities.
-  **That “aha!” moment is real science.** Solving a puzzle releases dopamine, giving your brain a little reward boost when things click.”

“A church building is first and foremost an image of Christ and his Mystical Body, with all that this claim implies. In the Old Testament, the Temple was a symbolic building composed of stones quarried by priests, which formed the place where God dwelt with His people.”

How To Relax

Different relaxation techniques work for different people, but you might try:

“Regular relaxation provides profound physical and mental health benefits, including lowered blood pressure, reduced heart rate, decreased muscle tension, and improved immune system function. It enhances emotional well-being by reducing stress, anxiety, and frustration while improving concentration, productivity, and sleep quality.”

SERVING THE COMMUNITY IN 2025

Don, Shyamala, and Shannon Injety had the opportunity to sponsor a Youth Conference on Sabbath, June 14, 2025, titled “A Chosen Generation.” Held in Rajamundry, Andhra Pradesh, India, the event was organized by the East Central India Union of SDA and the North Andhra Section of SDA. The conference brought together 530 youth from across the North Andhra Section for a day of inspiration, fellowship, and spiritual growth. In addition, SAAA donated school supplies to students, bringing joy and encouragement.

On November 16, 2025, under the leadership of Nina Palivelal, we were able to assist 24 refugee families in need. At a time when many families had lost their SNAP benefits, this project became a timely and meaningful opportunity for us to serve. From young children as young as four to fully grown adults, every individual expressed heartfelt gratitude for the support they received. We were also blessed with warm hospitality—one of the families prepared tea and a small meal for us. It was truly an impressive and humbling experience.

On December 17, 2025, Don and Shyamala Injety organized an outreach program in Rajanagaram, Andhra Pradesh, India. SAAA participated by providing Christmas gifts and lunch for 200 students, helping them enjoy the Christmas season. For the New Year’s celebration, sarees and blankets were distributed to widows and elderly individuals in the Lakkavaram community.

We were able to distribute gloves, shoes, coats, and clothing items to the *Family Success Center* in Ward 7 of the District of Columbia through the North Capitol Collaborative, Inc. This community-based, nonprofit organization is dedicated to protecting and caring for children while strengthening families. We would like to express our appreciation to Stanley Monickam for overseeing this project.

- We received \$7,184.00 during our Christmas Tree Trimming event, organized by Cathy Purushothaman.
- The total donation for the building project in 2025 was \$63,903.00.

**We appreciate your generous contributions
and your continued support!**
